

COMPANY OVERVIEW

Adhere Systems LLC is a cybersecurity and governance, risk, and compliance (GRC) consulting firm specializing in compliance-driven security solutions for federal contractors, healthcare organizations, and regulated environments. We support prime contractors and small business partners with CMMC, HIPAA, NIST-aligned cybersecurity programs, risk assessments, remediation, security engineering, and audit readiness.

CORE COMPETENCIES

- CMMC readiness, gap assessment & remediation support
- NIST SP 800-171 / 800-53 security control alignment
- Cybersecurity risk assessments & gap analysis
- HIPAA Security & Privacy compliance programs
- Policy, control & governance framework development (NIST, HIPAA, SOC 2)
- Vulnerability assessments, security hardening & remediation planning
- Compliance program implementation, evidence development & audit support
- Fractional vCISO / Privacy Officer advisory services

SUBCONTRACTOR SUPPORT CAPABILITIES

- Augment prime contractor teams with senior cybersecurity and GRC expertise
- Deliver defined work packages, assessments, remediation, and compliance documentation
- Support federal and state contract cybersecurity requirements
- Provide remote delivery nationwide and on-site support based on project requirements
- Support multi-site implementations and distributed client environments
- Provide short-term project support or ongoing advisory / fractional leadership

DIFFERENTIATORS

- Execution-driven: strategy plus hands-on implementation, not advisory alone
- Senior-level expertise: direct engagement with experienced practitioners
- Regulated-environment experience: federal-aligned, healthcare, and public-sector work
- Prime-contractor oriented: structured to support defined scopes, deliverables, and compliance obligations
- Multi-site experience: nationwide deployment leadership and repeatable implementation playbooks
